**January 30, 2022**

### Bills Seeing Action This Week

Various bills that had public hearings in the first two weeks of the legislative session will have executive session committee deliberations this coming week.

Additionally, HB 1099, improving the state's climate response through updates to the state's comprehensive planning framework – which is one of League's priority bills – having passed the House, will have a hearing already in the Senate this coming week.

Several of the priority bills had public hearings last week and are awaiting executive session decisions in their respective committees.

The following bill will have a public hearing in the week ahead, for which it would be helpful to have people sign in to support it.

#### **Senate Housing & Local Government Committee, Tuesday, February 1, 8:00 am**

### How You Can Be Involved

- During the legislative session we will send Action Alerts in the [Legislative Newsletter](#). Please respond to these, which will direct you to an application to facilitate communicating with your legislators on an important vote in committees or on the chamber floor.
- Local Leagues in Washington have action chairs who coordinate action teams. Some local Leagues have education teams to take action locally. Contact your local League action chair to find out and join.
- You may also express your opinion on legislation with the LWVWA issue chairs. We will take your perspectives under considerations as we determine our support for legislation

and prepare testimony. Cynthia Stewart, Growth Management Issue Chair,
