Bills We Support

[HB 1153](#) Increasing language access in public schools. Requires all public school districts to have a language access program that includes spoken language and sign language interpreters working in public schools, to interpret for students' families, students, and communities in educational settings outside the classroom. Passed the House 83-13, had a hearing in the Senate Early Learning & K-12 Education on Feb. 16, and is scheduled for an executive session on Feb. 21 at 1:30 pm.

[HB 1723](#) Closes the digital equity divide by increasing the accessibility and affordability of telecommunication services, devices, and training. It was passed by the House Community & Economic Development Committee, and a substitute was passed by the Appropriations Committee and by the House 68-30. It was referred to the Senate Environment, Energy & Technology Committee, but no hearing has been scheduled yet.

[HB 1590](#) Enrollment stabilization funding for local schools to address enrollment declines due to the COVID-19 pandemic. Passed House 77-18, was referred to the Senate Ways & Means Committee, which has scheduled a hearing on Tuesday, Feb. 22 at 4 pm.

[SB 5497](#) Extends voting authority to student members on the state board of education. The Senate Early Learning & K-12 Committee passed a substitute, which passed the Senate 28-21, had a hearing in the House Education Committee on Feb. 18, and is scheduled for executive session on Feb. 22 at 8:00 am.

[SB 5563](#) Enrollment stabilization funding for local schools to address enrollment declines due to the COVID-19 pandemic. It passed the Senate Early Learning & K-12 Committee and the Ways & Means Committee, which sent it to the Rules Committee but was never passed by the Senate. Since a similar bill, HB 1590, passed the House, it may be the one that passes the Senate.

[SB 5537](#) Changes compulsory school attendance to include children five, six, and seven years of age. Washington is the only state that requires school attendance beginning with children who are eight years of age. LWVWA has supported this change for many years. The Senate Early Learning & K-12 Committee passed a substitute, which just includes six and seven years old, on Jan. 28 and sent it to the Ways & Means Committee, which never held a vote.

[SB 5595](#) Increases prototypical school formulas for physical, social, and emotional support staff, plus additional increases of the number of school nurses. A substitute bill was passed by the Senate Early Learning & K-12 Committee, which provides that appropriations may only be spent on salaries and benefits for support staff. The Ways & Means Committee passed it to the Rules Committee. Since a similar bill, HB 1664, passed the House, it may be the one that passes the Senate.

[SB 5630](#) Expands the program of basic education to include early learning. Early learning would be phased in for three and four year-olds starting in the 2026-27 school year and making

it an entitlement by the 2029-30 school year. LWVWA has had a position that basic education should include birth to five years. This is a start, but it never received a hearing.

[SB 5568](#) Concerning preemption of municipal laws restricting the open carry of weapons.

Provides that cities, towns, counties, and other municipalities may enact laws and ordinances restricting the open carry of firearms or other weapons at any public meeting; any building or facility owned or operated by a city, town, county, or other municipality; or any permitted demonstration within their respective jurisdictions. This allows jurisdictions to prohibit open carry rather than outlaws them across the state as does HB 1630. The Senate Law & Justice Committee passed a substitute on Jan. 27 and sent it to the Rules Committee, but it never received a vote in the Senate.

[SB 5581](#) Addressing pupil transportation allocations. Requires 100 percent reimbursement of school district costs for transporting qualifying students with disabilities, who are homeless, and in foster care. Passed the Senate 49-0 and was referred to the House Appropriations Committee, but no hearing has been scheduled.

[SB 5933](#) Establishing a school seismic safety grant program. Establishes a school seismic safety grant program for remediation of seismic or tsunami hazards in qualifying school buildings. This bill passed the Senate 49-0 and is part of the proposed Capital Budget where \$123 million is provided to implement the School Seismic Safety Grant Program under Substitute Senate Bill (SSB) 5933 and for completing the 2019-21 seismic retrofit program. The bill has a hearing scheduled in the House Capital Budget Committee on Feb. 25 at 8:00 am.

[HB 1611](#) Advancing equity in programs for highly capable students. Universal screening is required to increase the participation of students who are traditionally underrepresented in the highly capable program. This bill passed the House 96-0 and had a hearing in the Senate Early Learning & K-12 Education Committee on Feb. 18.

Bills we're Watching

[HJR 4200](#) Amending the Constitution to allow a simple majority of voters voting to authorize school district bonds. LWVWA has no position on school bonds, only levies, but I know a lot of our members are interested in this issue. The House Education Committee passed the resolution to the Capital Budget Committee, which didn't hold a vote.

Bills We Oppose

[HB 1591](#) Provides access to local enrichment funding for charter schools. Funding for school districts is provided through levies approved by the voters, which doesn't include extra state funding for charter schools. It is in the House Appropriations Committee but not scheduled for

a hearing. It still could slip into the House budget as was done last year before it was taken out during negotiations with the Senate.
