Bills Needing Action This Week

Please read Bills We Support to see the latest status of other bills.

Sign in “Pro” for the following bills this week:

You may express support for bills in hearings with the online process. **Remember, only authorized members can speak for the League; the Issue Chairs will do that, so please leave the “Organization” box blank.** A more powerful influence is many voices speaking for themselves rather than many voices speaking for the League.

SB 5464/HB 1392 Right to Repair - Promoting the fair servicing and repair of digital electronic equipment): This bill requires digital electronic product manufacturers, such as Apple and Microsoft, to make repair information, parts and tools available to independent repair businesses and owners. With a huge amount of e-waste (eg., Washington disposes of 8,700 phones every day)! This bill would make it possible for small businesses to repair computers, tablets and cellphones. Extending the life of computers, tablets and cellphones will decrease the need for more resources, energy and transportation to manufacture new products – therefore also decreasing greenhouse gas. This bill will lower costs for consumers. Used computers, tablets and cell phones will into the hands of people who need them and help overcome digital inequities in Washington. People will keep using devices instead of tossing them or processing in take-back programs! **STATUS: Hearings this week:**

SB 5464 - [Sign in PRO](#) – Hearing in Senate Environment, Energy & Technology Committee, Jan 31 @ 1:30 (**Sign in by 12:30 p.m.**)

HB 1392 – [Sign in PRO](#) – Hearing in House Committee on Consumer Protection & Business, February 1 @ 1:30 (sign in by 12:30 p.m.)

HB 1422 –Clarifying that certain reusable packing materials are exempt from sales and use tax. STATUS: Hearing

[Sign in PRO](#) – Hearing in House Committee on Finance, Feb. 2 @ 1:30 (sign in by 12:30)

HB 1551 – Reducing lead in cookware – **STATUS:** Hearing; Companion Bill **SB 5605** **does not** have a hearing yet.

[Sign in PRO](#) - Hearing in House Environment & Energy Committee, Feb 2 @ 8 a.m. (sign in by 7 a.m.)

Bills Scheduled for Executive Session – If your Legislator serves on the designated Committee, please contact them to support the bill.

SB 5154/HB 1131 Improving Washington's solid waste management outcomes. WRAP Act. Here is a [factsheet](#). **STATUS:**

SB 5145 – scheduled for Executive Action on Feb 3 @ 8 a.m. by [Senate Environment, Energy & Technology committee](#). If you have a Senator on the committee, please write to urge passage out of committee

HB 1131 – scheduled for Executive Action on Jan 31 @ 4 p.m. by [House Environment and Energy Committee](#). If you have a Representative on the committee, please write to urge passage out of committee

Email your Legislators to support these bills:

Use the link to email to any/all of your legislators, letting them know these bills are important to their constituents. HB (“House Bill”) to Representatives, SB (“Senate Bill”) to your Senator.

SB 5287 Concerning a study on the recycling of wind turbine blades.

Requires the Washington State University extension energy program to conduct a study on the feasibility of recycling wind turbine blades used in Washington. **STATUS: hearing held in Environment, Energy & Technology Committee – Testified Pro**

HB 1033 Evaluating compostable product usage. Establishes an advisory committee to standardize composting across Washington. **STATUS: passed out of [House Environment and Energy Committee](#),**

HB 1047 Concerning the use of toxic chemicals in cosmetic products. Eliminates the sale of cosmetics that contain one of nine toxins as identified in the bill. Allows for a phase-out to keep toxins out of homes and environment. **STATUS: passed out of [House Environment and Energy Committee](#)**

HB 1085 Reducing plastic pollution. A three-pronged approach to reduce the use of plastics by 1) Requiring **refill stations** in drinking fountains in all new construction; 2) Phasing out **mini toiletries plastic packaging** (including shampoos, conditioners, lotions, and soaps) at hotels and

other lodging establishments; 3) Banning **foam-filled dock floats** in our lakes and marine waters. **STATUS: passed out of [House Environment and Energy Committee](#)**

[HB 1164](#) Responsible management of appliances containing harmful gases and other materials. Creates a producer responsibility program for appliances. **STATUS: Introduced; referred to Environment and Energy**

[HB 1185](#) Reducing environmental impacts associated with lighting products. Phases out the sale of most mercury-containing lights and extends/expands the product stewardship program for the same lights. Has an extended producer responsibility element in that the producers of lights in the stewardship program will be required to finance the operations of the program (eliminating the handling fee currently applied to retail sales) **STATUS: Hearing in House Environment and Energy Committee 1/28/23 @ 1:30 pm. Testified PRO**

[SB 5144](#) Providing for responsible environmental management of batteries. product stewardship bill for recycling all batteries. The batteries in our cell phones, electric toothbrushes and other rechargeable devices are lithium ion batteries. Ensuring the proper handling, recycling, and end-of-life management of used batteries prevents the release of toxic materials into the environment and removes materials from the waste stream that, if mishandled, may present safety concerns to workers, such as by igniting fires at solid waste handling facilities. See [factsheet](#) **STATUS: Hearing in Senate Environment and Energy Committee 1/24/23 @ 1:30 pm. Testified PRO**

Bills We Are Watching

[SB 5376](#) Allowing the sale of cannabis waste: this bill would allow sale of cannabis if the waste would not be designated as dangerous or hazardous waste. Currently, this organic waste is often landfilled.

How You Can Be Involved

- Contact Ann Murphy, Solid Waste Management Issue Chair, amurphy@lwvwa.org or call (509) 385-8910.
- Check the [Solid Waste Management page](#) for updates.
