<p><b>“The State We’re In: Washington” Textbook Outreach to Whatcom County School Districts and Education School District Personnel</b></p> <p>How can the League support Civic Education by reaching a wide array of administrators?</p> <p>Polly Rae, Bellingham/Whatcom League member, invited a large group of school district from nearby counties and Education Service District personnel to a presentation on the importance of the League’s new elementary civic education textbooks.</p> <p><b>Distribution:</b> one textbook and one curriculum guide, per target grade level, per school in Whatcom County high school Social Studies Departments.</p> <p><b>Background:</b> Beginning 2020, our state mandated a Civic Education requirement for all high school graduates, supported by learning standards for K-12. Since copies of “The State We’re In” were distributed by the League to county middle schools. In 2010, the state League had published an updated 8th edition for grades 6-8.</p>	<p>This project contributes toward League’s mission to Defend Democracy by supporting teachers with goals of developing students’ critical thinking about their school, community, state and national governments, while encouraging students’ active participation.</p> <p>League members can learn about this a new elementary version. The text is an inclusive account of WA history and growing diversity, aligning textbooks with WA State’s Social Studies Learning Goals.</p>	<p>The population served includes district level personnel, from curriculum specialists to program managers, who make curriculum decisions.</p> <p>The population benefitting from this outreach includes students in grades 3-5 and 7-12, as do the teachers of civics and social studies in those grades.</p> <p>In addition, a number of League members from the LWVWA Civic Education Committee heard Polly Rae’s presentation.</p> <p>Polly Rae, former teacher and League member: “I initially contacted the superintendent in the district where I taught before retirement. She connected me with the superintendents’ meeting in May, 2021, where the ESD superintendent heard the presentation.”</p> <p>I followed up with a request to be on the agenda for the teaching and learning directors’ meeting from all over different counties in one of their fall meetings.”</p>	<p><b>Bellingham/Whatcom</b></p> <p>Polly Rae, Whatcom Civic Education Committee Chair</p> <p><a href="https://www.lwvbellinghamwhatcom.org/civics-education-committee">https://www.lwvbellinghamwhatcom.org/civics-education-committee</a></p> <p>Will share initial contact and follow-up letters to school personnel and PowerPoint slides and detailed text used for ESD presentation.</p>

<p><b>Congratulatory Seniors Packet to all High School Graduates</b></p> <p>Bellingham/Whatcom provides congratulatory packets to all high school seniors.</p> <p>Materials include congratulations letters, ways to get involved in community, and voter registration information, <i>VoteWA.gov</i>.</p> <p>Every student is honored and “sent off” with encouraging words to be an active citizen in their future.</p>	<p>This has been a successful League activity for the past two years.</p> <p>League logo at top of students’ congratulatory letters.</p> <p>Provides good League visibility with the public, plus students and families.</p>	<p>Two high schools: Sehome High School and Bellingham High were initial success. Added other high schools in Whatcom County.</p>	<p><b>Bellingham/Whatcom County</b></p> <p>Joy Monjure, League President <a href="mailto:monjurej@gmail.com">monjurej@gmail.com</a></p> <p>Coordinator Jean Scribner registers high school students and creates Graduation Packet: <a href="mailto:rjmlane@comcast.net">rjmlane@comcast.net</a></p> <p>Letter for graduates. Ask Jean Scribner for more information...</p> <p>“Dear Graduating Senior:</p> <p>As you celebrate a job well done and move on to new adventures and challenges, we would like to welcome you to one of the awesome privileges and responsibilities of being an adult in the United States – voting to select the individuals who represent you in our government.”---</p>
<p><b>High School Presentations: Civic Education and the Importance of Voting</b></p> <p>Benton/Franklin presented to high school classes with the following topics:</p> <p>About the LWV History of voting Voting security</p>	<p>The League concentrated their presentations on local offices and representatives, showing students how they are directly affected by regional government, both at school and home.</p> <p>Tying civics education to importance of voting met both goals for the League.</p>	<p>High school students taking Social Studies requirement.</p> <p>A member of our local league suggested our presentation to two other teachers. We do not have a specific contact now except those teachers.</p>	<p><b>Benton/Franklin County</b></p> <p>Contact: Wendy Espinosa <a href="mailto:wkespinosa@comcast.net">wkespinosa@comcast.net</a></p>

<p>Structure of government Call for advocacy and importance of voting</p> <p>These presentations were delivered in person and via Zoom.</p> <p>Presenters dressed as suffragists to engage student interest.</p> <p>Copies of “They Represent You” that list State, local, port districts for Benton/ Franklin counties were given to students and teachers.</p>			
<p><b>Kids Voting USA</b></p> <p>Kids Voting USA is a national program for K-12 civic education that includes two parts: (1) civic lessons/activities and (2) online software for creating ballots for mock or real voting. There are options for printing out the ballots or on-line voting. It also includes result data after every election. Clallam County has been sponsoring this program since 2018 and offers clock hours through the Olympic Educational Service District 114 for teachers in the county who choose to attend workshops on the program. Many Kids Voting</p>	<p>Clallam County wants to support teachers in their civic education work. They pay the yearly \$600 cost of the program and support teachers by providing local information and resources for each election. They also create a master ballot template of all races in each election that teachers use to create mock ballots.</p>	<p>This program is available to any K-12 teacher in Clallam County.</p> <p>They made contact in a variety of ways: individual teachers League members knew, meetings with administrative teams, meetings with curriculum directors, and through the Olympic Education Service District 114 which publicizes available workshops/classes.</p>	<p><b>Clallam County</b></p> <p>Contact: Bonnie Bless-Boenish <a href="mailto:blesboenish@gmail.com">blesboenish@gmail.com</a> <a href="mailto:info@lwwcla.org">info@lwwcla.org</a> subject line: Kids Voting USA</p> <p>Resources: information about the program, workshop agendas, etc.</p> <p><a href="http://lwwcla.org">lwwcla.org</a> Kids Voting tab <a href="https://kidsvotingusa.org/">https://kidsvotingusa.org/</a></p> <p>Also, contact Bonnie for information on the possibility of WA Leagues sharing the yearly costs.</p>

<p><b>Stamps for Students</b></p> <p>Clallam League members donate “forever” first class stamps and/or postcard stamps. Teachers had students make remember-to-vote postcards or write persuasive letters to families stating how they’d vote on a race or issue if they could. Students chose whom to send their writing to: family member, relative, friend, or neighbor.</p>	<p>Student projects and homework are a great way to get voting information to families. Teachers often don’t have funds for things like stamps and it’s a way Clallam County can support civic education in schools.</p>	<p>Any K-12 classroom that wished to participate.</p> <p>League members made this offer to any teacher in Clallam County who was part of the Kids Voting USA program through our teacher workshops and through emails with participating teachers.</p>	<p><b>Clallam County</b></p> <p>Contact: Bonnie Bless-Boenish  <a href="mailto:blessboenish@gmail.com">blessboenish@gmail.com</a>  <a href="mailto:info@lwgcla.org">info@lwgcla.org</a> subject line: Stamps for Students</p>
<p><b>Pom-pom Voting: Voting in a Survey vs. Voting in an Election</b></p> <p>In this hands-on voting activity kids and families vote twice: first in a <u>survey</u>, “What’s your favorite pet: a cat or a dog?” and then in an <u>election</u>, “Should we donate \$20 to the local humane society for cat supplies or dog supplies?” Voters were given a small pom-pom to place in labeled cylinders for each question. League members explained the difference in the two types of votes (a survey to gather information vs. an election where a decision is made). Members also</p>	<p>Families are a child’s first civics teachers. This activity encouraged families to talk about voting with their children (lots of interesting conversations on reasons for their votes). We followed up this tabling activity with voter information for parents/caregivers.</p>	<p>This activity was part of a Back-to-School event in two school districts which serves families who need support with back-to-school supplies.</p> <p>League members have been invited to participate in these events for many years, initially just registering people to vote. We expanded that to include the family voting activity.</p>	<p><b>Clallam County</b></p> <p>Contact: Bonnie Bless-Boenish  <a href="mailto:blessboenish@gmail.com">blessboenish@gmail.com</a>  <a href="mailto:info@lwgcla.org">info@lwgcla.org</a> subject line: Back to School Event</p>

<p><b>Distribution of the League’s Textbook</b></p> <p>League members provided a copy of the League’s textbook for middle school and up “The State We’re In: Washington” to every teacher who participated in the Kids Voting USA program. We also gave a total of seven class sets to participating middle school or high school teachers in three different districts.</p>	<p>Teachers are often looking for civics resources but don’t have the funds to purchase them. One way was to build a partnership with the Kiwanis organization which sponsors <a href="#">Key Clubs</a> in the local high schools.</p>	<p>Clark County League member Teresa Torres initially reached out to the Kiwanis/Key Club sponsors about doing voter registration drives right before the Pandemic. Key Clubs’ district leader is someone who used to teach Teresa’s kids, and Teresa had kept in contact with her. <p><b>Learn League History with Civic Education</b></p> <p>In 2009, <a href="#">Catherine Ahl</a>, LWVWA Education Issues Chair, and other Kitsap League members attended a retreat where they expressed concern about civic education not being consistently taught in high schools across Washington State.</p> <p>During this discussion, Kitsap League Action Chair, Barbara Bush, encouraged League members to write a bill for the legislature, making civic education a high school requirement. Catherine Ahl wrote this bill and worked with the chair of the House Health and Education Committee, for his support. The bill moved through the legislative process to become law, making civic education a high school requirement.</p>	<p>The Kitsap League’s commitment to civic education has been demonstrated through their advocacy in making civics a high school requirement.</p>	<p>The contacts are with legislators asking for support of civic education being taught as a high school requirement.</p>	<p><b>Kitsap County</b></p> <p>Catherine Ahl, <a href="mailto:cahl@lwvwa.org">cahl@lwvwa.org</a></p> <p>See <a href="#">Washington Civic Education History (since 2007)</a></p>

<p><b>Learn League History with Civic Education</b></p> <p>During 2018 and 2019, members of the Kitsap Civic committee met with high school civics teachers or administrators in all our five school districts to determine if state and local government as well as federal was being taught. We also gave them a copy of the then current “The State We’re In: WA,” a copy of our local “Know Your County,” and a copy of our local “They Represent You,” and we also offered any help the League might offer.</p> <p>One of our members sent them a list of resources and the dates of candidate forums we had planned. We only heard back from one of the civics teacher, and different teachers keep being assigned to teach Civics each year. If we can get a list of current teachers, we’ll try again.</p>	<p>Obviously it is important to have an educated electorate, and the best place to start is in the schools.</p>	<p><b>Population served?</b> High school seniors in the required semester of Civics.</p> <p><b>How did you make this contact?</b> We contacted some Civics teachers directly or went through the administration.</p>	<p><b>Kitsap County</b></p> <p>Catherine Ahl, LWVWA Education Issue Chair, <a href="mailto:cahl@lwvwa.org">cahl@lwvwa.org</a>, 360-697-7924</p>
<p><b>Inviting K-12 School Administrators to League Meetings on Civic Education</b></p> <p>As a follow up to members’ advocacy work in civic education, the north county unit of the Kitsap</p>	<p>This is an excellent way to connect to the schools to learn more about how civic education is being taught locally.</p>	<p>Leagues wondering how they can make a contact within a school district might develop these contacts by asking a curriculum director or superintendent to discuss civic education at a general meeting.</p>	<p><b>Kitsap County</b></p> <p>Catherine Ahl <a href="mailto:cahl@lwvwa.org">cahl@lwvwa.org</a></p> <p>Catherine Ahl is willing to share all the questions created for the school</p>

<p><b>Use Social Media to Promote Civic Education</b></p> <p>Pullman League uses its website, Instagram, Facebook, and YouTube to promote upcoming events, meetings and other communications involving civics education. The posts can be simple or more creative. Posts are positive, nonpartisan, and factual. The League has a YouTube channel where people can see the recorded activity if they are unable to attend during the scheduled time.</p>	<p>The LWV Social Media Tool Kit says it best in that you can increase your engagement by using "social media platforms to maximize your presence, power, and reach!"</p>	<p>All League members and the general public interested in Civic Education can see our activities on the web and through social media.</p>	<p><b>Pullman</b></p> <p><a href="https://www.lwv.org/league-management/guides/social-media-tool-kit">https://www.lwv.org/league-management/guides/social-media-tool-kit</a></p> <p><a href="http://www.lwvPullman.org">www.lwvPullman.org</a></p> <p>Social media username LWVPullman</p> <p>Carolyn Joswig-Jones <a href="mailto:lwvpull@yahoo.com">lwvpull@yahoo.com</a></p>

Books designated for Orcas and Lopez Island public and private schools and libraries were mailed.</p> <p>Accompanying these donated textbooks was a positive letter from the president of the San Juan League, Necia Quast.</p>	<p>Members of the San Juan League believe civics education is more important than ever in our schools.</p>	<p>This contact was made through the relationship that Chita Miller had with teachers and administrators from working in, helping with school projects, and volunteering in schools over the years. She also asked for referrals on the other islands for the teachers she had not met.</p> <p>It is a good example of a League relying on members to learn “whom you know” in local schools and meeting other teachers through personal referrals.</p>	<p><b>San Juan Islands</b></p> <p>Contact Chita Miller <a href="mailto:chita.miller@gmail.com">chita.miller@gmail.com</a> on making contacts in the schools</p> <p>Necia Quast for a copy of the letter with the textbooks: <a href="mailto:collquas@aim.com">collquas@aim.com</a></p>

<p><b>Reading Civics Books to 3<sup>rd</sup> Graders in School Libraries</b></p> <p>To honor women’s suffrage during the centennial year, over 45 members went to 67 schools, usually their local elementary schools, to read a fun read-aloud book about two suffragists on a perilous journey.</p> <p>Two books were donated to the school’s library. Centennial committee designed a bookplate &amp; adhered all stickers to books.</p> <p>Members shared personal tips at unit meetings - how they introduced story, etc. Photos and suggestions were placed in the League’s website and <i>The Voter</i>.</p> <p>Completed: Sept.- 2019 to Jan. 2020</p>	<p>Snohomish League’s Centennial Committee saw a need: share the little known history of women’s right to vote to children. Thanks to a Washington Historical Society grant, “Votes for Women,” books were purchased.</p> <p>League members loved getting to know their local school, with an easy 20-minute reading lesson (many in costume,)</p> <p>Once they heard about others reading to friendly, interested children, more members wanted to participate. Members liked the “get in ‘n out” activity, rather than joining a long-standing committee.</p>	<p>Read to over 1800 students, targeting third grade classes, as that is the time OSPI said that student brains begin to think beyond their community.</p> <p>Reached out to all the school districts in our county for fair representation. (Emphasis on diversity, incl. Tulalip Elementary and school populations with more free, reduced lunch.)</p> <p><b>Contact</b> was made via League letter to principals and librarians in the fall of 2019, w/ a follow-up letter. Finding emails online was laborious, but a pattern emerged.</p> <p>A team of League volunteers helped.</p>	<p><b>Snohomish County</b></p> <p>Can share letter to the principals and librarians.
